LIFTEXPO - MOSCOW, RUSSIA 2013

LIFTTECH EXPO - CAIRO, EGYPT 2013

INTERLIFT - AUGSBURG, GERMANY 2013

INELEX - IZMIR, TURKEY 2014

EURO-LIFT - KIELCE, POLAND 2014

GENEMEK has been in operation in elevator industry since year 1999.

After 18 years of experience, We inspire, design, tool and assemble electronic and mechanical parts in-house.

- | | |
|------|--|
| 2017 | high performance color TFT indicators |
| 2016 | new facility, LASER cutting / CNC bending |
| 2015 | new plastic injection molding machine facility |
| 2014 | CANBUS type prewiring solutions |
| 2013 | increased production capacity with full automatic SMT line |
| 2012 | In-house plastic Injection, hydraulic forming, tool making ability |
| 2011 | first heartbeats of 9.9mm surface mounted series AVOX |
| 2010 | tool making facility investments, CNC, EDM |
| 2009 | ability to design plastic injection molds, deep drawn parts |
| 2008 | first production of mechanical parts in-house |
| 2007 | solution provider for prewired installations |
| 2006 | moving into new building, surface mount technology investments |
| 2005 | prewiring systems for landing and car operator panels |
| 2004 | accumulator charging devices, two-wire position indicators |
| 2003 | programmable door chimes |
| 2002 | security device for elevators |
| 2001 | programmable LED - LCD position indicators |
| 2000 | infrared security curtain for automatic doors of elevators |
| 1999 | established to design and produce electromechanical parts |
